Profile

Front-end developer with a solid education in tech and a passion for user experience and interaction design and strength in creative and strategic thinking. Learning and growing as a developer is important to me and I am currently working on 3+ front-end projects for my diploma program. I am excellent at working in teams and enjoy collaboration with peers; I am confident in the development of front-end for e-commerce sites and will do my best to deliver modern impressive interfaces.

Work Experience

Frontend Developer, - Emboîté Academia virtual -, Mexico

SEPTEMBER 2022 — PRESENT

- Created wire-frame and mock-up designs.
- Translated designs and wireframes into high-quality code using HTML, CSS, JavaScript, and frameworks.
- Worked closely with a developer and a designer.
